vacuum cleaners*

*Ranges include; Air, Air³, Performance, Power, Zen, White, Silenium, Air Silence

Tools included:

- 1x Crevice tool (Plus attachments)
 - Upholstery tool
 - Pet hair removal
 - Stubborn dust brush
- 1x Up top tool
- 1x Radiator tool
- 1x Soft dusting brush
- 1x 32-35mm Connector**
- 1x Mattress tool**
- 1x Hose connector

**Packed on the underside of the tray.

Using your tool kit connectors

The connectors included allows all tools in this kit to be connected to your vacuum cleaner. The type of connector required depends on the type of machine you have. If you already have a machine with a 32mm connection, the connectors won't be required. All tools connect on to the narrow end of the connectors.

Crevice tool - For awkward gaps and crevices.

Upholstery attachment - Gently cleans large areas of upholstery, curtains, sofas and chairs.

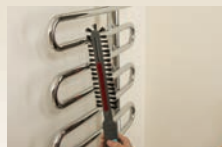

Pet hair removal attachment - Designed to tackle stubborn pet hair on furniture, rugs, carpets and pet beds.

Stubborn dust brush attachment - Removes dust from skirting, banisters and in corners.

Up top tool - Ideal for reaching those hard to reach high areas.

Radiator tool - Long, slim design is perfect for cleaning behind and inside the radiator.

Soft dusting brush - Gently removes dust and dirt from delicate surfaces such as TVs and glass without scratching.

Mattress tool - Quickly and easily removes embedded dust from mattresses.
